SCHOOL TAX CUT SEEN; CITY RATE SAME

THE TOWN RECORD

By MONTE DAYTON

"Daly City Police, Bolger speaking," is a phrase that has echoed over the station phone for many a moon.

SGT. BILL BOLGER is out of action for a while, confined at Permanente's Oakland hospital, where he was scheduled to be operated on today.

Rambunctious Bill said he'd be back on duty by Wednesday, but the sawbones saw it different. However the many local coppers who have dropped over to visit veteran Bolger report him "cheerful, in good spirits."

If you call the local station about August 1, "Daly City Police, Bolger speaking," will probably be the answer you'll get.

Among the half a million Americans who will visit Europe this year is CATERIA CASENTINI, of 7 Cavour street, our international confidant reports in his wanderings. Miss Casentini boarded a TWA skyliner last week at New York international airport.

She plans to visit Italy on her tour.

Broadmoor children have found an answer to the poet who said, "Stone walls do not a prison make, nor iron bars a cell." The kiddies just lock themselves in the family bathroom, and go stir crazy.

Who gets them out? The Broadmoor police manage the jail break for them. For the past several months the station has averaged one or two calls per week, and Chief RAY SAVAGE reports his gang are getting to be expert lock-pickers.

They also do second-story work if the bath happens to be located up there. This is sometimes necessary when the jamming of the lock makes its picking impossible.

The day of dining for a dollar has almost gone the way of all forms of enjoyment, but not so recently at the Central Club, where GUS SEBASTIANI has instituted a full-length agenda of lunch-time eating pleasure, all for one greenback.

Gus, who recently took over the Club after coming from North Beach, serves up the full route of soup, salad, spaghetti or raviolis, entree and coffee, with a generous offering of bread thrown in.

On the hot-stove side of the production is CLARA BARDINI.

Down Junipero Serra way Rudies place, a well-spoken-of eatery and elbow-bending establishment, will pull up reins for a few days. RUDIE says he's going fishing on the Fourth and two ensuing days.

Show me the way to go home: A slightly tipsy gentleman rode lady luck right into the ground Saturday night when he gently sideswiped a vehicle on the coast highway.

Passengers in the other car were Police Chief ROLAND PETROCCHI, Lieut. ROY BEECHER, and Officer HENRY SUNDERMANN.

The erring driver thought first to raise merry hell but on closer inspection of circumstances and personnel involved decided silence was golden.

Married last week at Reno, Nev., were JEAN CARRIGAN, secretary to STANFORD HANNAH, Jeff high principal, and GEORGE

JEFF BUDGET UP BUT CUT POSSIBLE

Possibility of a five cent cut in the Jefferson elementary district tax rate was seen at a special meeting Wednesday night as the board of trustees established a tentative $1,335,932 budget for the fiscal year 1953-54.

Although the figure is nearly $300,000 above that for the previous year, the board indicated the $1.50 per $100 assessed general purpose rate would be lowered to $1.45.

Additional state apportionments, approved by voters at the election last November, make possible lowering of the rate, according to H. Z. Weibel, district superintendent.

State Money

A breakdown of state allotment to the district for the coming year shows: $530,850 for average daily attendance; $10,000 for excess expenses; $6000 for transportation; and $55,000 for growth in enrollment over the previous year.

If the tax cut becomes a reality it will mean a saving of nearly $2 for a property owner whose home is assessed at $3500.

However, Weibel pointed out that the final overall rate (including interest and redemption of bonds) will be established by the county treasurer when all information has been compiled.

Weibel said he was not yet in a position to say if the total rate would be lower, but predicted that it would.

Balance From 52-53

Besides increased state apportionments, another factor making a reduction in rate possible is the balance and reserve money left from the previous fiscal year.

Remaining in the district coffers from the previous year was a balance of $200,556, while $80,000 remained in undistributed reserve and $189,000 in general reserve.

Among the budgeted items for the coming year were: Administration, $23,560; instruction, $680,590; auxiliary services, $17,130; operation of school plant, $71,015; maintenance of school plant, $32,300; fixed charges, $25,700; transportation of pupils, $21,270; and capital outlay, $111,500.

Figures Tentative

Weibel explained that these figures were as yet tentative and might be raised or lowered on completion of further study.

A substantial factor in the $300,000 budget increase over the 1952-53 year was the $150 across the board salary increase for teachers voted at the regular meeting last Thursday.

This increase was in response to a request by the staff for a 6 per cent hike in order to bring the

PARKED AUTO IS SCENE OF BATTLE

An afternoon battle inside a parked automobile took Mrs. Lily Auchie, 37, and James McDaniels, 26, of Daly City to jail last Friday.

The couple was arrested after an unidentified motorist stopped San Mateo County sheriff's officers and informed them that the battle was in progress. Arriving on the scene the deputies found McDaniels with a scratched face and Mrs. Auchie minus several handsful of hair.

Charges of creating a disturbance, and being drunk were filed against the pair. Addresses given were 561 Hillside drive.

Sanders Pleads Guilty To Second Degree Murder Charge

Walter Sanders has admitted the killing of Mrs. Roberta Faye Blackman, his one-time sweetheart, on May 25 in the Treasure Island Trailer court in Colma, and entered a plea of guilty to a second degree murder charge.

He will be sentenced on July 6 by Superior Court Judge Murray Draper.

Sanders had originally entered a plea of not guilty, and not guilty by reason of insanity. The change in pleas makes the confessed killer liable to a sentence of from five years to life imprisionment.

The Sanders trial had originally been scheduled for July 13.

Model Plane Enthusiasts Get Council's Promise

Model plane enthusiasts who were barred from use of Marchbanks field recently were assured that the city council is keeping them in mind, and searching for a suitable place to practice their hobby when they appeared before the council Monday night.

Colma Area Seeks Annexation To Sanitation District

At a property owners meeting held Wednesday night several Colma residents discussed the possibility of becoming a part of the North San Mateo County Sanitation district.

Residents of two blocks on D and E streets where septic tanks are currently in use have made overtures toward becoming a part of the district.

A. J. Gaggero, member of the district's board of trustees, said he has heard reports that sewage conditions in parts of the area are unfavorable.

James Kennedy, president of the board, has advised the group to secure services of an engineer and obtain plans and specifications for installing sewers in the area.

This would have to be done by forming an assessment district, Kennedy said.

Following installation of the sewers, the area might be eligible to enter the district. The other alternative would be to enter a contract with the district, and pay for services on a flat fee basis.

Gaggero pointed out, however, that the next move is up to the Colma property owners.

MRS. NETTIE SPECHT LONG TIME RESIDENT OF DALY CITY DIES

Mrs. Nettie Specht, 55, of 65 Guadalupe avenue, a resident of Daly City for 25 years died Sunday after a protracted illness.

Surviving are her husband Frank Specht Sr., his son Frank Jr., a brother William Lancaster, and a sister Mrs. Mary Brown. The latter are residents of Dowsville, New York.

Mrs. Specht was a member of the Seal Rock chapter of the Eastern Star, and president of the women's council of the Grace Presbyterian church.

Services were held Wednesday at 1 p.m. from W. C. Lasswell & Co. Interment followed at Olivet Memorial park.

DETECTIVE WORK LEADS TO ARREST OF CLIFF JUMPER

Astute detective work by Officer Dave Johnstone of the Daly City police led to the arrest of the 16 year old cliff jumper who was accused by companions of possessing marijuana, smoking marijuana and offering it to other members of an autoing party.

Officer Johnstone and Sheriff's Inspector Dave Jensen made the arrest after a Daly City cleaner recognized the jacket which the local youth left behind in his jump over a 375 foot cliff.

Questioned at the county jail was Victor J. Looper, 19, of 380 Miriam street, Daly City. Others in the auto party were: Mrs. Betty Jean Hardin, 21, Georgette Jensen, 19 a 15 year old girl and a 16 year old boy who gave San Francisco addresses.

The cliff jumping took place after the 15 year old girl stopped Deputy Joseph Galeotto on the Coast highway and begged him to take her home because she was afraid of the boys.

FIREWORKS DISPLAY SATURDAY NIGHT TO CELEBRATE FOURTH

Five hundred dollars worth of fireworks will be set off by the Daly City fire department Saturday night at nine o'clock on the hill overlooking the Brunswick street extension, city officials disclosed yesterday.

Best place for viewing the display will be along Hillside boulevard or on Brunswick street, Ed Mosconi, city recreation director, predicted.

According to Mosconi, police and recreation leaders will handle the crowd while the display is under way.

City Administrator Dan Andersen declared that if the weather is bad, the fireworks will be held over until Sunday, and if Sunday evening is bad, there will be no July Fourth celebration until next year.

GUIDE FOR SUMMER BUYING IN SHOPPER

Have you got that hate-to-shop-in-the-summer-time feeling?

Along about this time of year everybody seems to be in the shopping doldrums, and, as a result, many bargains go unnoticed at this season.

To spur shoppers out of this usual vacation slump and announce a few of their summertime values, 14 local merchants have combined to sponsor a Vacation and Summer Shoppers' Index.

The Index, to run for one month, will begin next week in the Shopping News.

Chase away the summer buying blues by taking a gander each week at the Vacation and Summer Shoppers' Index.

Rezoning Proposal For Substation To Be Decided Soon

The controversial rezoning for commercial use of the property desired by the PG&E for its new substation was introduced at Monday night's city council meeting.

As the matter now stands, the plan will be either accepted or rejected at the meeting of July 13. If voting goes as it has in the past the rezoning will be passed by a 3 to 2 vote, Mayor A. J. Gaggero predicted earlier.

In a separate action at the same meeting, a public hearing will be held on the abandonment of Atlanta street. This abandonment is necessary before the PG&E can begin work on the substation.

J. A. Rohl, manager of the local branch of the power company, said he wasn't exactly sure what was going on at this stage of the game, and that he was keeping his fingers crossed.

Officers Arrest Man As Bedroom Burglar

Police have arrested a man giving the name Ralph Albert Mallett for the Saturday night burglary of the home of Mrs. Mary Facchini at 789 San Diego avenue.

Mallett is accused of sneaking into the Facchini home through an open bedroom window while the occupants of the house were not at home, and stealing $12.50 in bills and coins.

Officers James Welch and James Baird made the arrest after Inspector Augie Benassini made his investigation.

According to police, Mallett admitted the burglary.

The theft was reported by Mrs. Facchini's mother who is visiting her.

Mallett gave his occupation as a pin-setter.

CIVIL SERVICE PLAN ACCEPTED HERE; SOME PAY HIKES

The civil service survey has been adopted by the city council and many employees will get 10 per cent pay boosts, according to Dan Andersen, city administrator.

Conducted by the state, the survey was designed to unify the civil service code of northern San Mateo county cities. From now on, the jobs under civil service will be classified, and pay scales uniform.

Participating in the survey were Daly City, South San Francisco and Millbrae. San Bruno agreed to adopt the plan also.

Andersen warned that not all employees will be given pay hikes and that some may have to accept reductions.

The survey which has been underway for some months was accepted by representatives of the four cities last Thursday night, and submitted to the city councils of those cities this week.

Three plans were submitted to the various councils for approval and they chose the one which would give full credit for seniority. Each of the plans wuld have had the same eventual result, but some would have delayed as long as two years the goal set up by Daly City and her partners in the survey.

EX-CONVICT JAILED HERE HANGS SELF; CONCI FINDS BODY

Charles Louis Singer's final act was to cheat the law and outwit the police, a practice for which he had been convicted three times in his lifetime.

Singer hanged himself in the Daly City jail early Tuesday morning. He chose the time carefully, waiting until after the hourly inspection of the cells was completed. On the next round Officer Albert Conci found the lifeless body hanging from the upper bars of the cell. Attempts to revive Singer failed, and he was pronounced dead on arrival at Junipero Serra hospital.

Paroled from Folsom prison three months ago, Singer was arrested Monday after an anonymous telephone call was made to San Francisco police. He was turned over to Daly City authorities when loot from the burglary of the home of Mrs. George Defferios of 17 Dorchester street, in Daly City, was found in his possession.

The San Francisco police arrested Singer at 641 Lincoln Way. He gave his occupation as a painter.

It is reported that Singer feared he would be destined for a life imprisonment term for habitual crime if returned to prison.

Council Decides No Need To Boost Lien

At a special meeting of the city council Wednesday night in which the 1953-54 Daly City budget was discussed, council members decided that there will be no raise in the tax rate for members of the community this year.

City Administrator Dan Andersen disclosed that the stabilized tax rate will be held in spite of large investments in fire protection and the new school bond issue.

The city administrator explains the stabilized rate through the increased assessed value of property in Daly City. Dwellings in Westlake, Edgewood-Hillside apartment buildings, and commercial buildings have brought the city sufficient revenue to make up the increased expenditures.

Among the increased expenditures there will be more money paid to city employees who come under the civil service, since the council has adopted a new salary schedule, Andersen added.

Last year's tax rate was $1.38

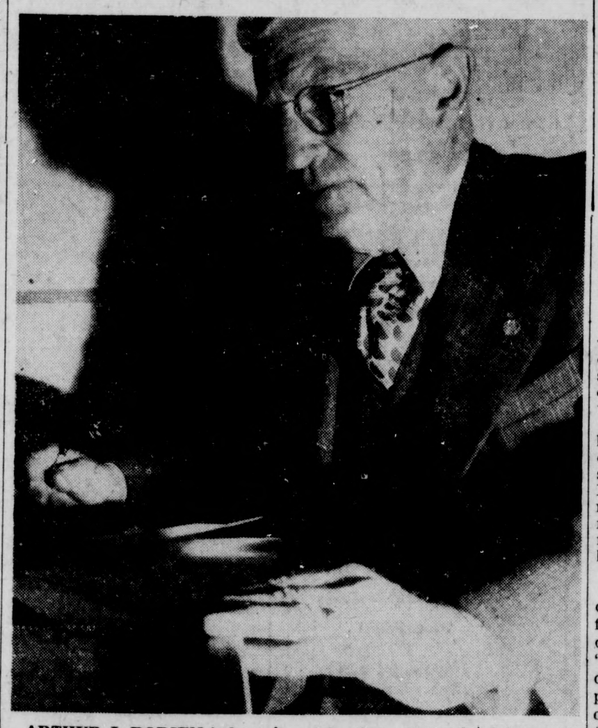
Water Commissioner Bodien At Work



ARTHUR J. BODIEN is busy in Building Inspector George Hopman's office, preparing to take over while that city official is on his vacation. Bodien will retire after this stint on Sept. 1.

ARTHUR BODIEN CLOSES CAREER SEPTEMBER FIRST

Arthur J. Bodien, the man who has served six mayors and been acting mayor himself on frequent occasions, will retire from his position as water commissioner on Sept. 1 instead of June 30 as originally scheduled. He will be subbing for George Hopman until then.

A native of San Francisco, Bodien entered public life in 1912 when he ran for the office of city councilman, and was defeated by seven votes. Later, he won that office and served three terms on the council from 1912 until 1933.

When asked how many jobs he had held in the Daly City municipal government, Bodien had to stop and think for quite a while. Building Inspector George Hopman, who overhead the question, remarked that "Arthur will never remember all of the jobs he's held around here."

Bodien Lists Jobs

Here are some of the jobs Bodien did remember holding: assistant fire chief for 20 years, superintendent of public works, fire chief "pro tem" on many occasions, director of Civilian Defense, city purchasing agent, superintendent of the fire alarm system, superintendent of streets, United States property agent during the war, Boy Scout commissioner for northern San Mateo county, president of the Northern San Mateo Council of Boy Scouts of America, and San Mateo Planning Commission member.

These jobs didn't keep Bodien busy enough so he joined a few lodges to fill up his spare time. Here are some of the positions he held in these: past president of the Daly City Aerie No. 1848, Fraternal Order of Eagles; life member of the Machinist union, Local 1305 of San Francisco; life member and organizer of the Daly City Rod and Gun club; charter member and first president of the Daly City Employees association; charter member of the Daly City Veteran Firemens association; the only active charter member of the original volunteer fire department founded in 1907. In addition, Bodien once was a member of the Native Sons of the Golden West, but dropped his membership, "because a man can't belong to everything."

Daly City Had Few Houses

According to Bodien, he moved to Daly City when there were just 19 or 20 houses here, and many refugees from the San Francisco earthquake and fire were living here in tents. He said, "I tried

salary schedule more in line with other school districts in the county. The minimum salary for a beginning teacher is now $3650 with the maximum at $5975 for a mastres degree and 24 units with 16 years of experience credit in the local district.

Name Education Head

At Wednesday night's meeting the board named Fred Schweickhardt, present coordinator of curriculum, to the position of director of education for the district. This is the first time such a position has been set up in the Jefferson district.

No final decision on the controversial bidding for work at the Garden Village school was made, due to the absence of Trustee Andrew Van Der Werff. The Carrico and Gauthier company, one of the seven submitting bids for the site work, last week asked that their low bid of $32,733 be withdrawn. The firm pointed out that they had overlooked extensive grading called for in the specifications.

The board has not decided whether they will allow the firm to withdraw their bid, but next move for the district will probably be to re-advertise for bids.

Last Week's Business

In other business at the regular meeting last Thursday the board:

1. Elected the following new teachers for the coming year: Mrs. Claire Ballou, Mrs. Julia Burr, Mrs. Elvera Cody, Miss Guadalupe Castillo, Mrs. Mary Lou Geiger, Eugene Grant, Miss Mary Jo Hamrick, Miss Beverly Hinton, Miss Ida Jenkins, Mrs. California Koenig, Mrs. Clara Klaisner, Mrs. Edith Mette, Miss Barbara McDonald, Mrs. Dorothy Oberlander, Mrs. Gertrude Rutherford, Mrs. Gloria Shaffer, and Thomas O'Connor.

2. Named Mrs. Helen Cheatham as representative of the local board to the county committee on school district organization.

3. Adopted a revised fire and damage insurance policy program proposed by Peter Markovich. Full insurance coverage is now carried on the $1,855,145 insurable value of the buildings and contents belonging to the district.

Council Requests Bids For Another Water Well

The city council has requested bids for another water well which is to be dug at the Niantic Citrus intersection. Bids must be submitted by July 14, according to Dan Andersen, city administrator.

When dug, the new well will be part and parcel of the regularly established waterworks system of Daly City, Andersen said.

New City Employees Must Serve One Year Probationary Period

New city employees went on probation for one year beginning last Wednesday, July 1.

This decision was made by the city council Monday night after the recommendation was made by the Civil Service Board of Review.

City Administrator Dan Andersen disclosed that the probation period will be "policy" in Daly City in the future.

ANDERSEN, MASON DON'T KNOW

City Administrator Dan Andersen and Recreation Director James Mason will be on tetherhooks for the next few days. They won't know for how much pay they are laboring until the city council sets the sum at the meeting of July 13.

Laborer Arrested Here

James Henry Kleckley, 362 Third street San Francisco, was arrested this week by Daly City police on a charge of violating the California Unemployment Insurance act.

Inspector Augie Benassini and Officer Dave Johnstone made the arrest at the Doelger tract where Kleckley is employed as a laborer.

In the past several weeks there have been a number of convictions on violation of the Unemployment Insurance in the Bay Area.

Service Held For Man Who Drowned In Russian River

Funeral services were held on Wednesday morning for James E. Fay, 27, of 363 Willits street, who was drowned Sunday in the Russian river while on a family picnic.

The drowning took place off Vacation beach, one mile west of Guerneville.

Fay, a PG&E worker, is survived by his wife, Gloria, a son, James, 3, four brothers, Andrew, Paul, Daniel and Phillip, and his mother, Mrs. Felecia Fay.

Shortly after arriving at the beach Kay went in swimming and minutes later drowned.

Arrangements were handled by Gantner-Felder-Kenny of San Francisco.

JUDGE MURRAY DRAPER ASKS WRITTEN PLEAS IN FULFORD DISPUTE

Oral arguments by Attorney Thomas Jenkins and representatives of the Jefferson High school board district failed to move Judge Murray Draper to a decision in the tenure suit filed on behalf of discharged instructor Joseph Fulford who had taught at the local high school for six years.

In Friday's session, Judge Draper asked both parties to the suit to prepare written authorities for their particular stand in the case. These must be ready within ten days.

With Jenkins claiming that Fulford had tenure, and the school board claiming that he did not, the decision in this case promises to be important to California teachers.

Carry a paper bag in your car. Use it to collect trash instead of throwing it out along the highway. Help keep California's highways clean.

Ground Covers, Ivy Are Eye-pleasers

For the gardner who wants a permanent solution to a problem area, the California Bedding Plant Advisory board suggests using one of the many ground covers generally available in California nurseries as flat grown transplants.

Ivies are widely used as lawn substitutes and for walls and banks. Most popular are the green English ground cover ivy and the variegated Algerian. They do well in full sun and will establish on the steepest banks. For shadier locations Hahns ivy and green Algerian ivy are recommended.

Lippia repens, a tight growing perennial ground cover, is covered with sweet-scented, lilac-colored blooms during the summer. The flowers are a favorite of bees, so lippia is not recommended for homes with children. Otherwise, except when dormant in mid-winter, it is a fine perennial ground cover.

Irish moss is an old time favorite for shade areas. A delight to walk on, it requires considerable attention to keep in good condition. Handled similarly to dichondra, it has long been tabbed the perfect lawn since it needs no cutting and presents such an inviting deep rich green carpet.

Vinca minor is a tidy perennial ground cover best used in a woodland setting or some area with little trampling as it crushes easily. Its deep green foliage and soft blue blossom has great spread.

For full sun exposure as in open curb planting, floribunda ice plant or verbena erinoides are excellent. Also ornamental strawberry (fragaria chiloensis) and the wide family of gazanias. For gardening pleasure, plant a perennial ground cover. Transplants will fill out amazingly in one summer's growth.

Sentence And Fine For William F. Westobey

Judge Thomas L. Bocci yesterday (Thursday) sentenced William Fredrich Westobey, 137 Broad street, San Francisco, to 30 days for driving with a suspended license, and fined him $100 when the prisoner was found guilty of stealing artichokes on a charge flied by the Broadmoor police.

CITIZENS COMPLAIN ABOUT LIGHTING; COUNCIL WILL FIX

Fifteen petitioners appeared before the city council Monday night to complain about the relocation of lights in the area of San Diego avenue and Citrus street. They maintained that lighting was no longer adequate for the neighborhood.

City Administrator Dan Andersen disclosed yesterday (Thursday) that the city council will make lighting adjustments as soon as possible.

The wettest winter climate in the continental United States prevails on the West side of Olympic National Park, in Washington, where yearly precipitation exceeds 140 inches.

Arthur Bodien Closes Career September First

(Continued from Page 1)

moving back to San Francisco once, but I didn't like it very well so I came back to Daly City, and have been here ever since."

San Francisco's Lincoln Grammar school, now long gone from Fifth and Market street, was where Bodien got most of his education. His first real job was with the White House Department store in San Francisco as a cash boy.

Mrs. Bodien is the former Miss Agnes McGinney of the Hayes Valley district in San Francisco. The couple's only daughter, Mrs. Eleanor Davis of 98 Peoria street, went through the Daly City public school system, and her two sons are on their way through the same system now, Bodien stated proudly.

His Best Piece Of Work

Asked what he considered the finest job he had ever done in public office, Bodien replied, "I am proud that I served on the city council which widened those two paths which were San Jose avenue, and Mission street.

"Also, since my connection with the water department the capacity has been more than tripled. Although it will need to be increased in the future, I am proud that my department has been able to fill the needs of the citizens of Daly City.

"What am I going to do when I am retired? For one thing, fish! I've got a little place and a boat in Marin county, and I'll spend my weekends over there with a fishing rod in my hands."

Could Foresee Growth

Reminiscing a little, Bodien said, "During the war, a survey was taken to see what the servicemen thought of California. When we examined the results, it was easy to foresee the growth of Daly City to its present size.

"I think it will continue to grow. However, I think the continued growth will depend on whether or not we can attract industry to support the new residents. This will be a problem which city official will have to face sometime soon.

"While in public service, I had no great disappointments. The people in Daly City have been wonderful. They have voted for school bonds, civic improvements, the fire department, pension plans as the need has arisen. It has always been a pleasure of mine to be a servant of Daly City."

When The Record reporter tried to find out how old Bodien is, he was told, "That is not for publication. I've still got an eye for the pretty girls, and they wouldn't talk to me if they knew how old I am."

Just then, the telephone rang, and the interview was concluded with Bodien speaking into the mouthpiece, "Building Inspector's office. Bodien speaking." The man was busy again.

City Council Pays Off On Wildwood Ave. Water Project

Pisano Brothers were voted $11,490 for the completion of work done on the Wildwood avenue water project at Monday night's meeting of the Daly City council.

The Wildwood avenue project is part of the new transmission line of the Daly City Water Works and will be incorporated into the main system.

City Administrator Dan Andersen disclosed that the project was undertaken at this time for the sake of efficiency, and that as matters stand now, no streets will have to be torn up to install pipes and that the avenue will be all set when it comes time to pave.

Services are held at the Lakeside Dancing academy, 107 Sagamore, just off San Jose avenue.

Bible school is held at 9:30 a.m and the morning service begins at 10:45 o'clock.

The annual meeting of the congregation was held in the Pilgrim Congregational church on Friday evening, June 26, with seventy-five at the dinner tables.

Officers elected were: Denzil Carlisle, chairman of the board of officers; Robert Miller, vice chairman; Mrs. Pearl Miller, church clerk: David McKee, financial secretary; Mrs. Mathilde Yarbrough, treasurer; Mrs. Maxine Carlisle, church historian, and Mrs. Alice Tiedeman, secretary of the board of officers.

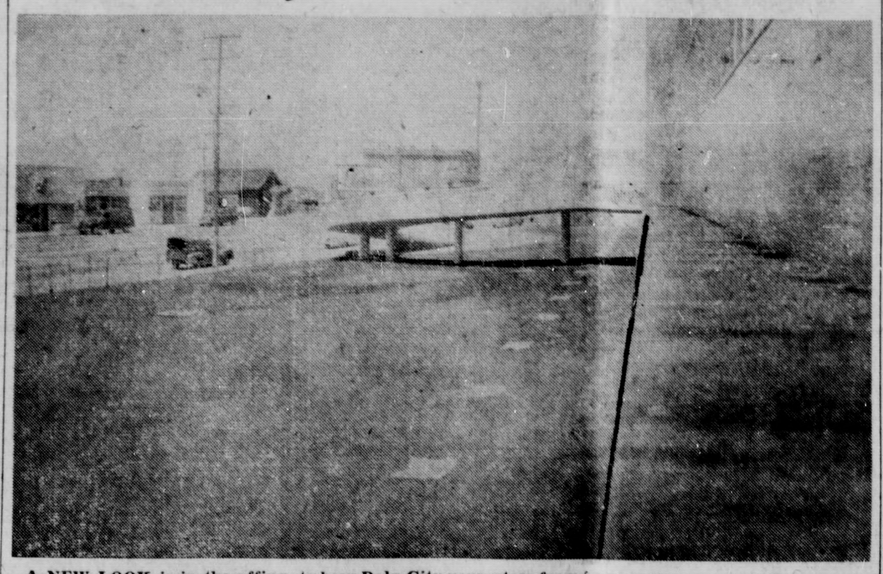
The church was happy to honor three members by making them deaconesses for life—Mrs. Adelene Tarter, Mrs. Maggie Graham and Mrs. Frances Chappel.

The church is hoping to mature its building plans early in the current year.

The Christian Youth Fellowship (C.Y.F.) will meet at the home of Mr. and Mrs. Harold Emmert, sponsors, 149 Brunswick street, Monday evening July 6. There will be refreshments. Lesson study will be conducted by Billie Geen.

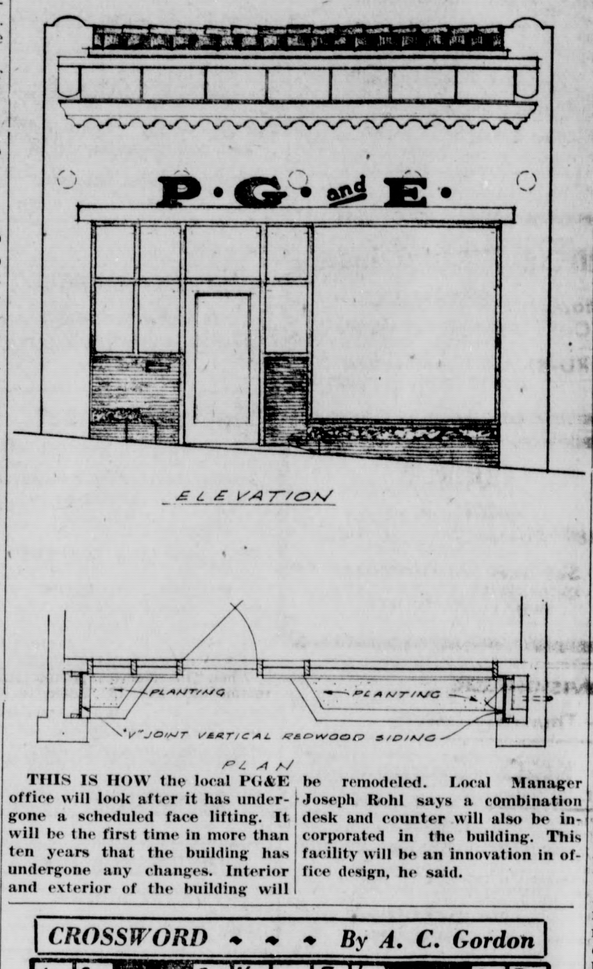
The official board will meet July 7 at 107 Sagamore street.

At Last--Community Center Grounds To Be Planted In Grass



A NEW LOOK is in the offing for the community center as lawn is planted and sprinklers installed. In view at left is fence erected to keep Daly City youngsters from tromping over the fresh-planted lawn.

—THE RECORD Photo



THIS IS HOW the local PG&E office will look after it has undergone a scheduled face lifting. It will be the first time in more than ten years that the building has undergone any changes. Interior and exterior of the building will be remodeled. Local Manager Joseph Rohl says a combination desk and counter will also be incorporated in the building. This facility will be an innovation in office design, he said.

MY MAD WORLD

by Leonore Brewer

As we said last week, it's been a long road from BEM's to van Vogt, then back to BEM's, but with typical artistry Hollywood is managing to travel the road back in a considerable shorter time that it took us to reach THE WORLD OF A. My science fiction novels have been on the "open" shelf for some time, but perhaps it has been a mistake—the uninitiated are apt to confuse SLAM with ABBOTT and COSTELLO GO TO MARS, and JUDGEMENT NIGHT with THE MONSTER FROM TWENTY THOUSANDS FATHOMS.

In lumping THE MONSTER with the A. and C. drivel, I am treading on the toes of Ray Bradbury, one of the better writers of this genre, as the blurb for the former tells us that Bradbury had written this little gem. I haven't seen the film, nor, having read the reviews, intend to, but remembering what Hollywood did to Campbell's WHO GOES THERE (it came out as THE THING), a wire of commiseration to Bradbury seems in order. He either had the plot of one of his little masterpieces twisted out of recognition, or, a thought too horrible to contemplate, the poor dear man was desperate one weekend and knocked out a potboiler. In either case a wire of condolence would be appropriate.

There is only one encouraging aspect of this recent surge of interest in science fiction. It is going to prepare the public mind to accept certain advances in scientific knowledge, and if you want to change anything as vast and immovable as the public mind, you have to catch it young. The day will come when we will want to build a space platform, and it's going to take money. The money required to build the atomic bomb may have been hidden by ambiguous phrases, and the secret may have been more or less well kept, but there 'sn't going to be any way to build a space platform without just about everybody knowing about it. And it's going to take an awful lot of faith in its practicability to get the pubblic willing to pay the taxes to buy it.

The tie-in between a space platform and small children running around in space helmets may seem just a mite obscure, but catch 'em while they're young, and they'll have the faith and enthusiasm to vote the money when they're taxpayers.

Better yet, so great may be their faith and ability that the space platform will be obsolete before it is built. Remember the film FLOATING PLATFORM NO. 1?

LOCAL MAN SERVED WARRANT AFTER HE ASKS FIRST PAPERS

Salvadore Ricotta of 158 Bellevue avenue was served with a warrant charging that he was not legally in the United States, early this week.

Ricotta came to the attention of Immigration officials when he applied for citizenship recently.

The warrant was served by Inspector Williams of the U. S. Immigration bureau, and Inspector Augie Benassini of the Daly City police.

Pretty Good Considering

As spending in school districts goes, the Jefferson elementary district did pretty good for the year 1951-52, according to a recently released report.

While expenditures were up over the year 1950-51, this fact was no exception as throughout the county 10 other districts also showed increases in spending per pupil.

Expense per pupil in the Jefferson district was listed at $158.84 for last year, as compared with $150.91 for the previous year. This increase was nearly the lowest recorded throughout the county. In comparison, the San Mateo city district jumped from $184.63 per pupil to $228.05 in the two-year period.

Largest item in the Jefferson district expenditures was teacher salaries, which accounted for $117.51 of the 51-52 per-pupil figure. Teacher wages, which were at $112.06 the previous year, therefore accounted for the bulk of the local cost increase per pupil (bonded indebtedness is not included in the cost-per-pupil report).

In other words, cost for educating each child remained almost on a par during the two-year span.

Although it would be a relief to see the cost per pupil reduced, it at least is commendable that the Jefferson district was able to maintain spending at a time when education is taking a bigger chunk out of the dollar.

Let's hope expenses can be held fairly stable for the coming year.

Diamond In The Rough

A lot more ball games and a lot more audience participation would be seen in Daly City if it were not for the sorry condition of the Marchbanks diamond infield.

The city has spent considerable money in attempts to correct the infield which, in baseball terms, is "dead."

However, each attempt made to remedy the condition was only a half-hearted one.

Instead of doing up the job right with one efficient effort, the city has continued to take token measures to bring the infield up to a standard necessary for good baseball.

Many teams refuse to play at Marchbanks because of the infield which, due to its sluggishness, causes the ball to stop almost dead on contact with the ground. It also has been said that chances for injury are greater on the Marchbanks diamond because of the ground's condition.

Due to the clay content of the infield, each year the rain causes it to sink a little more and take on an added sponginess.

The apparent remedy is to fill the area with hard-packed soil or an adobe mix. However, this will be to no avail unless the faulty pack is removed.

We suggest the city council look into the matter to ascertain the best possible way of solving the problem—once and for all, instead of once a year.

Sentence Burglar To 15 Years In Jail

The burglar who wrote an anonymous letter of query to the Daly City police and inadvertantly put his return address on the letter (Los Angeles), was sentenced to from 1 to 15 years by Superior Court Judge Murray Draper this week.

George Fredrick Lucas, 24, a transient pleaded guilty before Judge Draper to stealing $700 from the home of Dorothy Zorich, 2 Fieldhurst drive in Daly City on May 3 of this year.

Lucas was arrested after his letter informed police of his whereabouts. In the letter, he offered information about a stolen bread truck, five false alarms in San Francisco, and 20 ransacked homes.

He is to serve his sentence in San Quentin.

Gun Totin' Peeper Placed In Custody

A man who enjoys watching lovers shouldn't carry a gun with him Leslie J. Williams, 30, of Broadmoor, learned last week.

Sheriff's deputies Italo Ferrari and William Kreuger took Williams into custody when they found him loitering near a parked car on Skyline boulevard near Edgemar road.

Williams said that he carried the Japanese pistol in order to scare the lovers in case they caught him peeping.

The couple in the car told the deputies that Williams had followed them a mile from their original parking place.

Bullets for the gun were found in Williams' automobile. He was booked for carrying a concealed weapon.

Average daily attendance in the Jefferson Elementary School district was 2,877 during the year 1952, according to a report issued by Robert C. Kirkwood, state controller.

AUTOMOBILE BRAKES REQUIRE ATTENTION

Only one brake system failure on your car is needed to produce a fatal accident, warns the California State Automobile Association. When the brake pedal must be pumped to build up pressure to stop, there are several possible causes. The fluid may be low in the reservoir, either as a result of a leak or evapooration, or brake shoes may need adjusting to compensate for lining wear. Brakes should always be maintained at peak condition.

"The Merry Widow" Stars Local Girl Burlingame Man

Carmen Moro, 20, of 3223 San Jose avenue, Daly City, has been selected to sing the soprano part of Sylvaine (wife of Khadja, consul of legation of Marsovian embassy) and Kenneth Bradshaw age 24, residing at 300 Bloomfield Road, Burlingame, was selected to sing the tenor part of Marquis de Casda in "The Merry Widow" operetta which will be presented in August at the new San Mateo High school auditorium and in neighboring communities by Peninsula Operetta productions under the general direction of Howard Kay and under the auspices of the San Mateo Adult center and Burlingame Recreation center.

Miss Moro and Kenneth Bradshaw won the parts in competition with some 85 voices from San Mateo and Santa Clara counties.

Auditions were conducted by Howard Kay, general director, assisted by Mrs. Virginia Oleksiw, singer from San Mateo, Mrs. Alexandra Kovaleff, Burlingame, a former concert and opera singer, and Scott Soulter, choral and orchestra public school director.

Kay expressed great satisfaction with high quality of voices and the enthusiastic response of audition participants. He said,"I believe that Peninsula Operetta productions is fortunate in having been able to choose a very fine cast. The morale of the troupe is high and "The Merry Widow" audiences will be able to see a show of high caliber."

According to Kay, the chorus will be selected this week and he urged "more men to turn out for the chorus, as male voices are needed." He also requested more women dancers to apply for the part of Maxim's show girls and for ballroom scenes. He made a general appeal for an experienced dancer to play the part of Fifi, a very key part in several scenes."

Reliable young people are needed to be in charge of props, prompting, calling cast to stage and to help with costumes. Kay urged everyone interested in this work, which will earn two units of Junior college credit, to report to him this week or next week any evening except Saturday and Sunday at the Burlingame Recreation center.

Miss Moro who expressed pleasure in being chosed to sing for this lead part is a native of San Francisco. She is the daughter of Dennis Moro of Daly City, a cutter with a prominent San Francisco clothing manufacturer. She is presently employed as a teller in the Daly City branch of the Bank of America.

Miss Moro studied four years with Edith Ford Kendall of San Francisco and has sung at recitals, private engagements, at churches and stated she "has had the pleasure of singing a solo in the San Francisco Opera House." Miss Moro would like to follow music as a career and her ambition is "to sing in Grand Opera."

Bradshaw, born in California and a resident of Burlingame for eight years, is the son of Evelyn Bradshaw and Harold Bradshaw, publisher of The Record and he brings a voice of "considerable talent" to Peninsula Operetta productions.

He has sung roles in light operas, POP'S "The Mikado," "The H.M.S. Pinafore" and with the "famed" Reginald Travers Light Opera group. At the same time he has given much of his time to singing for churches in the bay area.

Bradshaw said, "I've always been interested in singing, since a little kid. At the present I am studying with Earl Jones and hope to make a career of music in the future."

WHEEL OF MISFORTUNE

Around and around the wheel of fortune goes and where it stops nobody knows. That saying was originated, undoubtedly, by someone reflecting on the chances of life. There's another wheel, however, that has a great deal to do with life itself; it's the steering wheel on your automobile. The California Automobile Association urges you to drive carefully so that the steering wheel doesn't become your wheel of misfortune.

DALY CITY FIREMEN AND LINCOLN LIONS ARE THE LEAGUE LEADERS

Behind the two hit pitching of fireman Lou Nannini, the Colma Fire department handed a 9-4 beating to the Gas-U-Mat nine in an adult recreation league softball contest.

Each team tallied 3 runs in the opening frame. Offenbachs single chased home two runs for the Firemen while Palmesis long single to left scored two for the Gas-U-Mat club.

The Colma club took a one run lead in the second when Nannini singled home Piccomoni, who had walked.

The score remained 4 to 3 until the fourth inning when the Firemen scored five runs on five hits to take a commanding 9-3 lead.

Gas-U-Mat tried to climb back into the ball game in the last two innings but it was a case of too little too late as the Fire department walked off with a well earned 9 to 5 victory.

The league-leading Lincoln Lions knocked off their biggest obstacle in their battle for the championship as they handed the Colma Fire department an 8 to 3 lacing on the Marchbanks softball diamond. The lions who were victorious in only one start last year broke up a 1 to 1 tie in the fourth inning with a four run outburst featuring the hitting of Blanchard, Lorenzo and Wilson. Miscues by the Fire department in the field aided the Lion nine considerably. In all, the Lions blasted out ten hits against the previously undefeated Colma club, while pitcher "Pop" Blanchard of the Lincoln team was handcuffing the Firemen with four hits.

The Lions by virtue of their smashing win over last years champs find themselves favored to cop the league title.

Larry Kennedy's Daly City Firemen, edged the hard hitting Aetna Roofers 8 to 6 on the Marchbanks diamond last Wednesday.

The ball game, a thriller all the way, was easily the outstanding contest of the current season.

The Firemen club, made up of several Jefferson high youngsters, drew first blood in the second inning when they scored a pair of runs on singles by Fontana and Larry Kennedy Jr. The smokemen added another pair in the third when Gannecchine's walk was followed by successive doubles off the bats of Larry Kennedy Sr. and shortstop Fontana.

The Roofer nine scored a single run in the third and then broke loose for three runs in their half of the fourth to tie up the ball game. Most of the Aetna's runs were the result of walks as temporary wildness plagued Pitcher J. Gallagher of the Daly City club.

The Firemen scored two more runs in the bottom of the fourth but Wathans homer tied the score for Aetna at 6 to 6.

The Firemen wrapped up the ball game in the sixth when Larry Kennedy Jr. and Pacciacco singled and second baseman Small dropped Maynard's pop up allowing two runs to score.

With a two run bulge pitcher Gallagher stopped the Roofers cold in the final cantor.

HILLBARN SUMMER THEATER REPORTS

Coffee under the camperdown elm can once more be a feature of the Hillbarn Summer theatre, according to the announcements of the 1953 season which are now in the mails. The tree behind the Victorian theatre at 1800 El Camino Real, San Mateo, will be hung once more with lanterns (during the war, Oriental; now, Japanese) and intermissions can be spent outdoors during the warm summer evenings.

The three plays announced for the summer season continue to stress the Hillbarn tradition of classics, and new or unusual plays, a practice made possible by the theatre's affiliation with the San Mateo Junior College Adult Education program.

"Pelleas and Melisande," Maeterlinck's sensuous masterpiece of mysticism and romance, opens the season Friday, Saturday, and Sunday, July 24, 25, 26, 31, August 1 and 2. Summer curtain times are 8:40 as usual, and tickets may be reserved by writing Box 543, San Mateo, or by phoning DI 4-3955.

"The Fan," which the announcement describes as an impromptu comedy, is a brisk modern translation from the Italian of Carlo Goldoni, and experimental production methods, according to Robert Brauns, director, are aiming at a gay romp in outrageous commedia dell' arte masks. The performances are scheduled for August 7, 8, 9, 21, 22 and 23.

Hillbarn's premiere of the season will be "Uncertain Voyage," a new play by Crane Haussaman which won honors in the 1952 Dramatists' Alliance playwriting contests for its engrossing study of an intelligent modern mother and her wayward son. It will be performed locally for a single weekend, August 28, 29 and 30; as Hillbarn's contribution to the Peninsula Community Theatre Festival, it will hold the stage at Palo Alto on August 14 and 15.

WESTLAKERS DEFEAT SHARP PARK FOR FIRST VICTORY OF SEASON

The Westlake Rockets won their first San Mateo league victory last Saturday by blasting Sharp Park 13 to 6 on the losers diamond.

Leading the Westlake attack were Leroy Franzoia, hard-hitting third baseman and catcher Lou Arrighi. Both youngsters smashed out a pair of hits.

Pitcher Eddie Leveroni of the locals came through with his finest performance of the season as he allowed but five hits while striking out 9. The fast improving Leveroni is considered the best pitching prospect in the entire league.

The Westlakers erased any doubt as to the outcome of the game as they punched home four runs in the second, three in the third and three more in the fourth to take a commanding 10-3 lead. Wildness by pitchers Pushman and Wise of the Sharp Park club aided the Rocket cause considerably. Successive singles by Franzoia, Stagnero and Arrighi in the fourth put the Sharp Park team out of the running. The ocean side nine did manage to push across 3 runs in the fifth when errors by Westlake reserves opened the gates.

DICK MEYERS WINS STOCK CAR RACE

Dick Meyer of Porterville piloted a 1953 Dodge V-8 to victory in the recent (June 21) 300-lap National Stock Car championship race at Oakland Speedway. Right behind him in second place was Marvin Panch of Los Angeles, also driving a 1953 Dodge V-8.

It was a nip and tuck contest between Meyer and Panch thruout the race. One or the other of them was in the lead for 297 laps. Panch blew a tire on the 296th lap, and Meyer sped ahead to victory.

In his closely won victory, Meyer set a new track record for 300 laps averaging 81.17 miles per hour, Time for the grueling 187.5 mile race was 2 hours, 18 minutes and 33 seconds. Panch made the fastest qualifying time of the day with a speed of 93.7 miles per hour. Panch is a previous winner at Oakland Speedway, having won the 250-lap race there with his Dodge last April.

Meyer was driving a 1953 Dodge Diplomat hardtop convertible. Panch was piloting a Dodge club coupe. Both cars were powered by the Red Ram V-8 engine, with standard transmission.

VITT AND COMPANY MOVE ON AFTER BASEBALL SCHOOL HERE

OSCAR VITT SHAKES HANDS with youthful pupils while George Wolfeman, Bob Fatjo, and Joe Sprinz wait. The members of the baseball faculty had just finished showering after demonstrating their wares before a huge crowd of local ball players.

News From The Parks

Frankfort Playground
by Ed Mosconi

Now that school is closed for the summer, most children will spend a great deal of their vacation time participating in recreational activities. This year the parks will co-sponsor outings, picnic, pet and doll shows and have different contests.

Richard Austring, Colleen Ayers and her brother Kenny came back from the Thorton Beach party brown as berries. Carolyn Symser, a talented young swimmer, received a sun burn, but said it was well worth it because of the good time that she had.

New coloring books have arrived and the children take great pride in doing their pictures well. David Richardson, Celia Villa, Johnny Kenny and James Ramey are among those who have their pictures displayed on the wall.

Karen Allen, StephenWhite with Jerome and David Guillory played ball tag with the large utility ball. Little Stephen is about one of the youngest children at the park but still manages to be as active as the others.

Tim Hodenfield, Gary Smith and John Kenny were engaged in vigorous games of softball, while their brothers Raymond, Michael and Wadye played Tiddleywinks.

The highlights of the week for the teenagers, Richie Ciarlianti, Danny Ciarlianti and Charles Nixon was the baseball instruction that the P.G.E. linemen gave them. They taught the teenagers several different pitches and how to pick up a fast grounder. Batting a softball as well as the boys was Eileen Wheeler.

The next excursion from Frankfort will be to a picnic at Marchbanks. This will take place on July 1.

Marchbanks Playground
THORTON BEACH PARTY

Thirty children donned their hiking boots and set off energetically from Marchbanks to the Thorton Beach party. The scorching sun made the mile and a half distance seem like ten. The hikers arrived at the beach a little bedraggeld and tired, but a few bites of lunch and wading in the ocean refreshed the party. Skip Crudo, Pat and Mike Kennedy, Sharon Guzlas, Eunice Waligors, Karen Savage started off a rousing game of kickball minus shoes, a little hard on the toes but fun. Most of the gang spent their time altering between the water and sunbathing. The wearying thought of the homeward trek was solved when Mr. Mason and Mr. Mosconi of the Recreation department formed a relay with their cars to carry home the foot sore kids.

BOY OF THE WEEK

Freckled faced, blue eyed Thomas Joyce is Marchbank's Boy of the Week. This nine year old resides at 527 Niantic avenue with his mom, dad and two brothers Dennis and Wally. Tommy is a member of Marchbanks 9 to 11 baseball team. which is Tommy's favorite sport. Tommy has his eye on the shortstop position and is working very hard to get it. This good natured youngster is seen daily at Marchbanks. He's always on hand when any help is needed. We appreciated his help at the recent Carnival. Tommy's ambition is to be a fireman like his dad, but right now he'll settle for his model airplane and baseball.

GIRL OF THE WEEK

Miss Vicky Hennessey is our Girl of The Week. This Willits street youngster attends OLPH and is in the seventh grade. Vicky has a great liking for children. You can find her helping the tiny tots playing in their games. Swimming and baseball top the list of this young ladies sport likes. We certainly like to have her at Marchbanks.

CARNIVAL DAY WAS A HUGE SUCCESS

"Come to the Carnival at Marchbanks." That was the invitation that between four and five hundred children and their parents accepted. By 11:30 all booths were ready. The hot dogs were sizzling, and the sodas cooling. The Carnival was all set to spin, but no people. Yet, within the short space of half an hour, the park became a teeming playland of fun seekers. Hot dogs vanished in a matter of minutes, peanuts and popcorn were next on the list, 10 dozen ice cream, and 20 cases of sodas followed next in the magic act. With the refreshments gone, the crowd of young and old alike visited and revisited each booth, ballons, baseball, hammer the nails, penny pitch and candle and water guns. We had planned to make this an all day affair but by 2 o'clock everything was sold out. During the hustle and bustle of the Carnival a costume parade was held. Over sixty children showed their regalia. First prize in the boys division went to a tiny lad in a soldiers outfit. Girls division was captured by a charming miss in Spanish attire. A special award went to three young visitors from Florida decked out in newspaper outfits titled "News in the Making."

We wish to express our thanks to the expert cooks Mrs. Kune and Mrs. Sibitz, our helpers Jackie and Vickie Lewkowitz, Dan David, Catherine and Geneivieve Rasmussen, Dolores Johnson, Sandra Gonzales, Vicky Hennessey, Arlene Storm, Mike Crystal, Jim Wilson, Skip Crudo, Babe Kane, Anthony and Joe Stagnero. A special thanks goes to Mrs. Stagnero without whom we could not have succeeded and to all the people who made Carnival Day such a success.

BASEBALL SCHOOL ATTRACTS LARGE CROWD OF LOCALS

Daly City's reputation as a hotbed of baseball was enhanced last week when Oscar Vitt, Joe Sprinz, Bob Fatjo, and George Wolfeman came to Marchbanks field to demonstrate the finer points of the game to the youngsters under 15.

The age restrictions limited the number of youngsters on the field to 85, but there were 100 over-age youths in the stands. Despite the crowd, members of the baseball factulty reported that the local group was one of the most attentive they had taught.

The faculty disclosed that it was the best turnout they had had to date, exceeding Vallejo's and several other large areas.

After the school was dismissed, many of the youngsters stayed around to get one more glimpse of the baseball faculty, and to drink some cokes provided by Walt Gillies, member of the recreation committee.

The Danube river, which has its source in the Black Forest in Germany, is approximately 1725 miles long.

The Record At Work

MEET JOHN HARROLD—BACHELOR, FLORIDIAN, LINOTYPE OPERATOR

(Ed. Note: This article is first of a series bringing you the story of your hometown newspaper—from the time the events happen until the paper is delivered to your door. The initial installment is concerned with the linotype machine, where copy is transformed into type from molten lead.

Girls! Meet John M. Harrold, a foot-loose and fancy-free linotype operator who does his work on the Shopping News, and The Record.

Harrold manipulated his 180-pound, six-foot frame on the football field for P. K. Yonge high school in Gainesville, Fla. After graduation, he attended the University of Florida for two years.

After this college work, Harrold attended the Southern School of Printing in Nashville, Tenn., where he studied all phases of the printing trade including linotype operation and maintenance.

A deft pair of hands is necessary to do the job Harrold does for the local papers. The linotype is an intricate mechanism which casts lines of type instead of individual characters as used in hand composition. There is a large keyboard which is used to assemble the characters into a line.

One feature of the keyboard is the spaceband which is used to separate words, and to make sure that each line of type is spaced out to the full width of the column. This is called justifying.

Although other mechanical processes are performed by the linotype, most of them are automatic and begin when the operator sets the machine in action by assembling lines of type in rapid succession and lifting the lever which starts them through the casting mechanism.

Uncle Sam paid Harrold's expenses on his first trip to California when he was a member of the U. S. Coast Guard during World War II. He discovered that he liked the Golden State, and decided to make his home here.

When the war ended Harrold sought employment in the trade he learned at the Tennessee school, and has been at the work ever since. He has held jobs in print shops in Eureka, Half Moon Bay, Petaluma, Roseville, Randsburg, and Fowler, California, and his hometown, Gainesville, Florida. A member of the International Typographical Union, he has been employed at his present job with The Record for over three years.

The 32-year-old bachelor speaks slowly, but does not have too noticeable a drawl. He entered that ancient controversy, and came out four-square in favor of Florida oranges. However, he stated that in spite of his citrus preference, he intends to live in California the rest of his life.

Don't ever bother Harrold on Tuesdays or Wednesday. Those are his busy days. Those are the days he is working like the devil to make sure that there is a Shopping News ready for the Wednesday readers, and that The Record will be in the mail or on the street Thursday, and Friday.

Guido Placente Is Now Back From The Pacific

Photographer's mate Guido C. Piacente has returned home after 25 months overseas with Public Information office of the U. S. navy. Most of this period of service was spent in Pearl Harbor and Hilo, Hawaii.

Among some of the pictures taken by Piacente was included an eruption of the Hallimauma volcano on the island of Hawaii. He waited on the shores of the island for the tidal wave which was threatening the Pacific in February but when it arrived it was a mere ripple on the ocean's surface at that particular portion of the sea.

Some of the Hawaiian vacationers who were photographed by Piacente were: Rhonda Fleming, Vera Ellen, Ann Blythe and Rita Hayworth.

Acting as a model himself, the Daly City sailor posed with Rhonda Fleming and Miss Ellen.

Since returning stateside, Piacente has been assigned to Moffet field near San Jose where he will be stationed for the completion of his tour of duty which is approximately 17 or 18 months.

Piacente is the son of Mr. and Mrs. Albert Piacente of 880 Brunswick street, and a 1949 graduate of Jefferson Union High school. He was the proprietor of Novi Egg O. for one year before his enlistment in the navy in 1951. Prior to his enlistment, Piacente had been a member of the naval reserve. Upon discharge, he intends to enroll at San Mateo JC and study X-ray work.

OLPH Mothers Club To Play Whist Tuesday

The monthly whist of Our Lady of Perpetual Help Mothers' club will be held Tuesday, July 7th, in the school hall at 80 Wellington avenue at 1 p.m. As usual, many fine awards will be given.

The Mothers' club holds its whist games the first Tuesday of each month and this policy will be kept during the summer so as not to disappoint the many players who look forward to this event. However, during the summer the refreshments will not be served.

Mrs. James Traynor is chairman this month assisted by Mrs. Leon Fellman who will be in charge of the game.

Parish Picnic Planned For September 20th

The Holy Name society and the Mothers' club of Our Lady of Perpetual Help church have joined forces to head a parish picnic which they hope will be the first of an annual affair.

The first meeting of the chairmen for the various committees to organize was held last week. This year's picnic will be held at Roger Reynolds Nursery Park in Menlo Park on September 20th. For those who do not have cars, they will be delighted to know that the Greyhound bus stops at the entrance to the park.

William Carrington and Roy Thomsen, co-chairmen of the picnic, have announced that there will be entertainment for all including baseball, dancing, games and prize booths. Further details concerning the picnic will be announced later.

YOUR NEIGHBORS AND MINE

By Betty Brush

HELLO NEIGHBORS:

Good old summer time seems to be with us again. Weddings, vacations, and picnics seem to be the order of the day. This is a wonderful time of the year for fun if we watch it. Sunburn, drownings and accidents have a way of entering uninvited into our vacations. Among t hose leaving will be yours truly, so for the next few weeks the news will be coming to you from far away places. Hope you still find something of interest to you in the column.

FIRECRACKERS seem to also be in order at this time. It wouldn't be so bad if they didn't make so much and such a loud noise. Of course practically every boy, and some of the girls too, in town have them. Being youngsters, what is more fun than a loud noise, especially when someone least expects it. After all, what is the definition of a healthy youngster—a loud noise liberally covered with dirt. Who should know better than I? Oh well, it's only eleven weeks until school starts.

Thought For The Week

JUSTICE enables us to give unto each man his just dues without distinction. Without JUSTICE, universal confusion would reign and sociability could no longer exist. Why is it that we are always so sure of ourselves in being just? How many times do we either do or say things that are, if not exactly just, at least are not necessary? How many times do we take a certain type of pleasure in seeing the other fellow squirm? Yet when this happens to us—what an injustice. We say, "How can they do that to Me? What have I ever done to them?" Maybe if we only stopped to think a minute, we would know. The saying goes, "As you sow, so shall you reap." If we sow seeds of unhappiness, gossip, slander, criticism and hurt in others, surely we should expect the same back to us, probably not by the same ones that we have hurt, but surely in some way. We all know people with whom we are glad to be with, glad to hear on the telephone, and just glad to meet on the street. Why? They are the ones who are indeed just in their thinking, acting and doing unto others as they would be done by. Is it easier to smile or to growl? Which would you rather hear, a laugh or a cry? Smile and deal justly in word, thought and deed with each other neighbors, and they in turn can't help but deal justly with you. Laugh neighbors, and the world laughs with you, cry and you cry alone. This then is our thought for the week.

News And Views

MRS. MARY WAKEFIELD has had a house guest. Her grandson, MATHEW ASMAN age five, is visiting from Santa Rosa. His mother will be remembered by many of the neighbors, having been DOLORES WAKEFIELD, who graduated from Jefferson High a few (?) years back.

Vacationing in YOSEMITE this week were MR. & MRS. H. COOPER and son LOUIE and Louie's friend JERRY JASTRUMSKE. Of course the well known Cooper Scooter went along too. Knowing this family, we are sure they are having one grand time on their vacation.

MRS. HELEN STEWART has been visiting all her old friends (lady) in the old home town this week. Husband MITCH has been among the many who have been away the last two weeks at Camp Hunter Liggett with the National Guard. It was good to see Helen again and the baby is darling. From all reports the weather at camp was not the usual Daly City type and one and all are glad to be home.

The sympathies of all the neighbors are extended this week to the family of JAMES E. FAY 27, of Willits avenue who drownded in the Russian River while on a family picnic with friends. The drowning took place off Vacation Beach one mile west of Guerneville. Fay, his wife, 3 year old son, Jimmy, and two Oakland couples drove there for the picnic Sunday morning and immediately went swimming. The drowning occured a few minutes later.

Condolences are offered by the neighbors to the family of FREDERICK WILLIAM MACKINTOSH, who was known to thousands of golfers during the nine years he served as starter at Lincoln Park. Mackintosh passed away Sunday after a long illness. He was 72 and had been with the Recreation and Park department for twenty years. He is survived by his widow, Lillian: a son Frederick, three grandchildren and sisters and brothers in Scotland.

Returning home this week from a two week vacation in Los Angeles, were MR. & MRS. E. F. EMERSON. This was the wrong time to go, as we had beautiful weather here all the time they were gone, and of course one and all know they'll never believe us.

Servicemen

PVT. RALPH ANDERSON seems to have been home with us over the weekend. He is well known among all the fellows and is at present time stationed at Fort Ord.

We have all heard of the Bank of America, Bank of California, Federal Reserve Bank, but it seems that some of us have never heard of the BLOOD BANK. There are a few exceptions and MARY WAKEFIELD is one of them. Last week she donated her 30th pint and every bit of it to the servicemen. According to her, the armed forces need it for more than any other group. As you have read, there are others in the twenty and thirty pint groups, but what about those who haven't even given one pint? Contrary to all reports, the war (?) in Korea is not over yet and blood is still needed desperately. Do you know that every serviceman in every base or camp in the U. S. donates every three months? Maybe it's a good idea—at least that way they are sure of getting it when needed. Why do they have to do that job too? Can't we at least give that much for them who are giving so much for us? How about it neighbors?

Have had several calls concerning the boys in the wards at Letterman hospital and have passed all information on to the lady in charge. The boys are still in the same wards and it is the same ladies who not only go each week but who donate the articles that they need. As to the boys in the Phsyco ward, there are restrictions: no bottles unless of plastic, no razor blades, shaving lotion must be in non-glass bottles too. They like playing cards, writing paper, hankies, socks, simple jig saw puzzles and games. Don't forget, neighbors we all have an obligation to each and every one of these boys as long as there is one of them in a hospital.

Items Of Interest

This week saw a beautiful wedding when MISS DOROTHEA PAWSON became the bride of NORMAN RAPP at the Presbyterian church on 19th avenue. The bride wore a white ankle length gown of lace over taffeta with a fingertip veil. The bride's mother wore a dark blue dress with an orchid on her shoulder. The groom's mother wore a dress of champagne colored lace and also had an orchid. Best man duties were performed by EUGENE RAPP, brother of the groom and the matron of honor was MRS. PATRICIA PAWSON. The bride was given in marriage by JOHN PAWSON, her oldest brother while the ushers were HERBERT HUNT, WILLIAM PAWSON and FRED PAWSON. A reception was held at the Italian American hall with over 500 guests present. There was a beautiful three-tiered wedding cake and presents too numerous to mention. The bride was a graduate of St. Joseph's high and San Mateo J. C. and the groom, who is the son of MR. & MRS GENE RAPP of San Francisco, is a graduate of Balboa high and attended Stanford university. The young couple are now on a two weeks honeymoon to Honolulu and when they return Rapp will go back to his position with Pan American World ariways. Congratulations and best wishes from all the neighbors.

CLARA POKET has packed her duffel bag again and is off to the Y.L.I. convention in Fresno. This gadabout neighbor will be at home again Friday although I think there is another convention coming up so if anyone wants to see Clara they had better catch her on the bounce, so to speak.

The GOURMETS met again last week. This time it was something completely different. They loaded up the cars with the children and had themselves a picnic at Fleischacker playground. At least the kids had themselves a time. Still would like to know just who this bunch really consists of. They seem to always have such a good time wherever they go, if anyone knows will they let me in on it.

A wedding reception was held at Co. 4 Fire House last Saturday night in honor of MR. & MRS. JACK WINTERS, (Grace Domeneci). The bride wore a nile green ballerina length formal with appropriate flowers. The fire house was decorated with white streamers and white bells and the three-tierer wedding cake was surrounded with gardenias. There were over 150 guests at this affair and a special table was set up for the wedding presents. The bride's mother wore a light blue sheath dress and the groom's mother was nattily attired for the occasion. Refreshments were served and dancing was held. The young couple have an apartment on Valencia street and will soon be home to all their many friends. The bride is at the present employed by the Telephone Co. and the groom is employed in Alemeda. Congratulaand all best wishes to these two swell kids.

Well neighbors, weddings and vacations seem to have again been the big news of the past week. There are more coming up next week so will tell you all about them at that time. As I have lots of news already which I will print for you and will be on vacation all phone calls will be taken at PL. 5-0902 for the next few weeks. This neighber will be on vacation but the column will be there so watch for it and here's hoping all of you have nice vacations. Bye Now.
